

HOPE 365

STRATEGY

At Woodside Bible Church, our student ministry is passionate about creating opportunities to help students live out the Great Commission in their context. That's why every Hope 365 attendee will be given opportunities after the conference to sign up for missional experiences! These opportunities will include personal applications, isolated ministry events, ongoing serving commitments, and mission teams (both domestic and global).

Keep scrolling for a deeper look at the pillars of Hope 365 Conference:

IDENTITY IN CHRIST

Everything we do begins with our identity in Christ. It's out of this identity that we're compelled to live a life centered in worship, community, and mission.

WORSHIP

Worship is our heartfelt response to the love that God poured out for us. At Hope 365, we pray that every student will experience the beauty of His Church as we worship together.

COMMUNITY

Community isn't just nice to have, but extremely necessary if we're to live by God's design. At Hope 365, students will partner with small groups that align with their age, gender, and Woodside campus or desired serving involvement. Small groups will combine to form family groups, developing a community that will last far beyond the conference.

MISSION

At Hope 365, we're mobilizing students to live on mission. Through our time together, our prayer is that the next generation will be equipped to answer God's call to serve.
